

Dell Universal Dock – D6000/D6000S

LIST OF DELL LAPTOPS RECOMMENDED TO BE USED WITH AN EXTERNAL POWER ADAPTER

Dell Universal Dock – D6000/D6000S is compatible with any laptop equipped with a USB-C® or a USB-A port and running on Windows, Ubuntu, Chrome OS, or macOS.

It is recommended that you plug in an external power adapter to your laptop during the following scenarios:

- When connecting your laptop to your dock's USB-A connector
- When connecting your laptop to your dock's USB-C connector and your laptop requires more than 65W of power

If you are connecting one of these Dell laptops listed below with the Dell Universal Dock – D6000/D6000S, we recommend that you plug in an external power adapter to your laptop for optimal performance.
